1. Secondary Offering through Over-Allotment, etc.

There may be cases where, upon the primary offering, taking the demand conditions and other factors of the primary offering into account, Daiwa Securities Co. Ltd. will conduct, separate from the primary offering, a secondary offering (secondary offering through over-allotment) of DHI investment units that it is to borrow from DHI unitholder Daiwa House Industry Co., Ltd. with 2,800 units set as the maximum number (the “borrowed DHI investment units”). The number of investment units to be sold through the secondary offering through over-allotment is planned to be 2,800 units, where said number of investment units to be sold indicates the maximum number of investment units to be sold. There may be cases where the number is reduced in light of demand conditions and other factors, or there may be cases where the secondary offering through over-allotment itself does not take place at all.

In relation to this, DHI passed a resolution at a meeting of the board of directors held on March 1, 2013 (Friday) to conduct, separate from the primary offering, an issuance of new investment units by way of third-party allotment of 2,800 DHI investment units with Daiwa Securities Co. Ltd. as the allottee (the “third-party allotment”), setting April 17, 2013 (Wednesday) as the payment date, for the purpose of Daiwa Securities Co. Ltd. acquiring the DHI investment units it requires to return the borrowed DHI investment units.

There may be cases where Daiwa Securities Co. Ltd. will conduct stabilizing transactions in conjunction with the primary offering and secondary offering through over-allotment. All or part of the DHI investment units acquired through said stabilizing transactions may be allocated to returning the borrowed DHI investment units.

In addition, there may be cases during the period from the day following the date on which the subscription period for the primary offering and secondary offering through over-allotment ends to April 12, 2013 (Friday) (the “syndicate covering transaction period”) where Daiwa Securities Co. Ltd. will purchase DHI investment units on the Tokyo Stock Exchange, Inc. up to the number of investment units of the secondary offering through over-allotment (the “syndicate covering transactions”) for the purpose of returning the borrowed DHI investment units. The DHI investment units that Daiwa Securities Co. Ltd. acquires in the syndicate covering transactions will all be allocated to returning the borrowed DHI investment units. Please note that there may be cases during the syndicate covering transaction period where, at the discretion of Daiwa Securities Co. Ltd., no syndicate covering transaction is conducted at all, or syndicate covering transactions are terminated before the number of investment units purchased reach the number of investment units of the secondary offering through over-allotment.

<Disclaimer> This document is a press release to make a public announcement of the issuance of new investment units and secondary offering of investment units of Daiwa House Residential Investment Corporation, and has not been prepared as a solicitation for investment. DHI cautions investors to ensure that they refer to the prospectus for notification of the issuance of new investment units and secondary offering of investment units as well as amendments thereto prepared by DHI (if such have been prepared) before undertaking investments and investments be made at their own discretion and responsibility.

Daiwa Securities Co. Ltd. plans to subscribe to DHI investment units through the third-party allotment for the number of investment units arrived at when the number of investment units acquired through stabilizing transactions and syndicate covering transactions that are to be allocated to returning borrowed DHI investment units is subtracted from the number of investments units of the secondary offering through over-allotment. Accordingly, there may be cases where all or part of the investment units to be issued by way of the third-party allotment may not be subscribed for, which may result in a decrease in the number of investment units planned to be issued by way of the third-party allotment, or the cancellation of the entire issuance due to forfeiture.

The transactions described above are to be conducted by Daiwa Securities Co. Ltd. upon consultation with Mitsubishi UFJ Morgan Stanley Securities Co., Ltd. and Nomura Securities Co., Ltd.
